New Vendor: Icelandic Plus

Submitted by [rbesch@southeastpet.com](#) on Mon, 05/16/2016 - 11:58

Icelandic+ introduces their new Icelandic Lamb Horns, an ideal dental chew treat made from 100% Icelandic lamb. Lamb horns are an ethical choice that eco-conscious pet owners will love and dogs crave. Once a lamb bi-product formerly tossed into landfills, they're now a sustainable dog treat with a high level of nutrition and chewing satisfaction. **Icelandic+** is a green business committed to using sustainable and only Earth Rated® materials in all their packaging supplies.

Why Icelandic+ lamb horns?

- A good source of protein, iron, zinc, and other nutrients.
 - 100% ingestible and digestible.
 - Ideal for safe chewing and easier on a dog's teeth.
 - Help keep teeth clean and healthy.
- Sourced from free-range, nature-fed Icelandic lambs reared for human consumption.
 - Adhere to strict agricultural and inspection laws of Iceland, the U.S., and EU to ensure the highest standard of quality and safety.
 - A sustainable option for eco-conscious pet owners.
 - No preservatives, hormones, flavors, or additives.
